Topic	SDIA Construction and Planning Update The presentation will provide a status update of the current Green Build construction project on the west side of the airport and it will discuss the 5-year plan for Lindbergh Field's north side.
Speaker	Keith B. Wilschetz Director of Planning San Diego County Regional Airport Authority Keith Wilschetz has 25 years of experience in airport planning. Mr. Wilschetz has been the San Diego Airport Authority's Planning Director for 5 years. In that time, he has directed such planning efforts as the Site Selection study, which identified a site for a new commercial airport in San Diego; Destination Lindbergh, which formulated the long-term plan for the current airport site; and preparation of Airport Land Use Compatibility Plans for the 16 airports in San Diego County. Prior to joining the Authority, Mr. Wilschetz was Vice President of Planning at Dallas/Fort Worth International Airport. Before joining DFW, he was a consultant with Landrum & Brown, Inc., a worldwide airport planning consulting firm. In addition to managing many airport master plans throughout the United States, Mr. Wilschetz also directed Landrum & Brown's ground access group. Mr. Wilschetz is an Aerospace Engineer from the University of Missouri-Rolla and a licensed private pilot.

Mission Statement

To foster the timely, orderly, and efficient development of all planned transportation facilities in the San Diego region and to promote appropriate means to finance and maintain these facilities.
